FREIGHTER WRECKED

BIG LOCOMOTIVE LEAPS FROM RAILS

ENGINEER HARRY COOPER HAS NARROW ESCAPE IN WRECK NEAR RIDGEWOOD.

Engineer Harry Cooper on the northbound Eureka freight train miraculously escaped death Sunday when his locomotive jumped the track between Ridgewood and Willits and rolled down into a ditch, a distance of about fifteen feet. Both Cooper and the fireman were trapped in the engine cab, the fireman escaping without injury and Cooper sustaining a sprained ankle.

None of the cars left the track, however, the engine breaking away from the train as it overturned. The locomotive, which is one of the new ones and one of the largest freight engines on the line, was badly wrecked but no other damage was done, save an effective blocking of all traffic on the line for several hours.

The wrecking train was rushed here from Sonoma county and the track was cleared within a few hours after the accident. The afternoon train from Eureka was delayed and reached here an hour and a half late Sunday afternoon.

Trains during the fore part of this week, Monday and Tuesday, were delayed about a half hour because of a slide near Fort Seward, just north of Dos Rios. The slide was caused by heavy blasting in the vicinity and for two days it was necessary to transfer passengers. The track is now clear, however, and the railroad company anticipates little difficulty in making the through run during the winter months.

RUEF EATS TURKEY WITH AGED MOTHER

Abe Ruef ended his voluntary exile in this county Wednesday morning and left on the early train for San Francisco to enjoy Thanksgiving with his invalid mother and sister. Ruef is undecided as to future plans but expects to eventually resume his practice of law. He will make his home at 2819 Pierce street.

During the three months of his stay at Vichy Springs, Ruef became a real booster for Mendocino county and declares that he will spread the news of the great opportunities in this valley among his friends in the metropolis with a view of bringing new capital here.

A wide circle of friends extended best wishes to the former political boss of San Francisco upon his departure. Two invitations for farewell dinner parties were extended Ruef on the eve of his departure, but owing to his desire to shun publicity he declined to join the gay affairs and retired early in the evening.

EGGS TAKE TUMBLE 40-CENTS OFFERED

It has been a long time since eggs took such a tumble as they did Wednesday, says the Santa Rosa Press Democrat. Monday they were quoted at 55½ cents per dozen for first grade and 48 cents for second or pullet grade. Yesterday dealers paid 48 and 40, respectively, a drop of 8½ cents per dozen for first and 8 cents for pullet grade. No one seems to understand what should make such an unreasonable slump in prices at the present time when the production is light and demand heavy.

McCRACKEN BUYS HOME

J. L. McCracken this week purchased the residence at Oak and Perkins street, which he has occupied for several months, from Mrs. Lucy McGeorge. The price paid indicates a substantial gain in the value of town property.

HALF TON OF TURKEYS SHIPPED DAILY BY PARCELS POST

Many Take Advantage Of Opportunity To Use Mail.

Turkeys a la parcels post is the latest on metropolitan menu cards and local shippers are not losing sight of the fact that Uncle Sam will deliver their gobblers to the San Francisco market P. D. Q. for a few cents postage.

A great many turkeys were shipped from here last year by mail, but it was not until this season that the postoffice became the mecca for the Thanksgiving bird. Postmaster W. B. Hagans reports that during the week preceding Thanksgiving approximately 1000 pounds of turkeys were shipped from here daily by parcels post.

Agent Custer of the Welis, Fargo Company shipped a carload of turkeys, or about fifteen tons, from here to the metropolis Monday. Practically all of the turkeys sent from here this year came from the Potter valley and Lake county sections.

Prices this year are soaring about the 25-cent mark for live turkeys and 30 and 35 cents for the dressed birds. In the East, however, as high as 35-cents has been paid for live turkeys.

WILLITS TEACHER WEDS SHERWOOD RANCHER

Miss Olina M. Hellesoe, a popular young teacher of the northern part of the county, became the bride of Ralph G. Lane at a quiet wedding in Willits Tuesday at the home of the bride's parents. The ceremony was performed by the Rev. Mr. Smith. Lane is a rancher of the Sherwood Valley section where they will make their future home.

"BILL TAFT" IS ILL

"Bill Taft," a valuable cat owned by Andy Huff, was caught in a trap early this week and it was necessary to amputate the foot. The operation was performed by Huff, with the assistance of a neighbor, and "Bill" is convalescing.

ALBERT SIMPSON IS SUMMONED BY DEATH

Albert Simpson, 51 years of age and one of the best known characters in northern Mendocino county, passed away suddenly at Laytonville last Thursday. The funeral was held Sunday afternoon, interment taking place in the Long Valley cemetery.

Simpson came to this county with his parents when he was a child and has lived in Long Valley practically all of the time sinnce. A good many years ago he was associated with the late Robert White of Cahto, and during the past several years has made his home with J. N. White at Ten Mile station, north of Laytonville.

He was a brother of Mrs. F. B. Layton of this city and of Mrs. L. A. White of San Francisco. Aside from his sisters, he is survived by two children, a son and daughter.

WILLITS JAIL BREAKER CAPTURED AT CALPELLA

Richard Mead, who was arrested at Willits last Friday by Deputy Sheriff Brown, has been taken to Eureka by Sheriff Redmond of Humboldt county to face a charge of larceny. Mead was given the privilege of the corridor in the Willits jail during the cold weather rather than confinement in a steel cage, and during the night cut a hole through the ceiling and escaped. He was captured the following day by Ed. Brown at Calpella and taken to Eureka.

JUSTICES OF PEACE IN FIGHT FOR MORE PAY, LOSE

Decision of Superior Court Hard Blow To Jurists.

IVERSON TO APPEAL

Fair Voters Were Not Considered, Says Judge White.

Legislators who framed and passed the law fixing the compensation of justices of the peace in this State on a scale based upon the population of the respective townships did not intend that the women's votes should count in determining the population, according to a decision handed down this week by Judge White in a test case. And, as a result, the magistrates who sit on the justices bench in this county must be satisfied with their present compensation of $20 or $30 a month until the higher court has voiced an opinion in the controversy.

The test suit argued was that of Justice C. M. Walker of Elk against County Auditor Jennie Mathews for an increase of salary alleged to have been due. It was Walker's contention that he should have been placed in the next highest class and that he should have an increase in pay of $10 a month. The new law states that the population is to be determined by multiplying the vote cast for governor at "the next preceding general election" by five.

District Attorney McCowen declared that this was intended as the election preceding the enactment of the law, which would be the election of 1910. Attorney M. H. Iversen, who represented Walker, contended that it meant the election preceding the election of the justice, or in 1914.

Between these two elections the women were enfranchised, making a vast difference in the number of votes cast and, incidentally, a difference of $10 a month in the income of the justices, providing the law was intended as interpreted by Attorney Iverson.

Judge White over-ruled this contention, however, upholding the interpretation of the clause made by District Attorney McCowen and for the present, at least, the justices will look in vain for an extra ten in their pay envelope. Attorney Iverson declares that he will appeal the case.

LATE HOURS AT BIG FAIR DISASTROUS FOR OFFICIALS

County Tax Collector and Mrs. Lee Cunningham returned this week from the metropolis where they have been viewing the Exposition. The tax collector is suffering from a severe cold and a stiff neck, a combination of ailments resulting from Art Smith's midnight flights. After visiting the fair, he spent several days with relatives at Fair Oaks while Mrs. Cunningham attended the Baptist convention at Berkeley.

ANSLYN EMBEZZLEMENT SUIT ARGUED AND SUBMITTED

Woman In Legal Fight Accuses Trio Of Conspiracy.

ARSON CASE REVIVED

Charges Follow Blaze At Empire Ranch In Long Valley.

A suit which has already made history in the Mendocino county courts was again aired in the superior court this week when Judge White called the case of Eva. V. Anslyn against John A. Weaver, H. O. Hathaway and Mollie H. Helm. The case was submitted after argument and hearing was continued until December 13 when it is expected that Judge White will hand down his decision.

The controversy dates back several years ago when Mrs. Anslyn purchased the Empire and Chapman ranches in Long valley and installed Weaver as her foreman. She stocked the ranch, it is said with equipment worth about $2500. After her marriage to Anslyn in San Francisco she returned to the ranch and demanded that Weaver vacate and surrender to Anslyn. Weaver staunchly refused and Mr. and Mrs. Anslyn returned to San Francisco.

Admits Burning House

A few weeks later the house and barn on the ranch burned down and when Mrs. Anslyn again visited the ranch she could find neither Weaver nor the personal property she had bought for him. He was finally arrested in Fort Bragg, however, and had in his possession many of the things alleged to have been purchased to equip the Empire farm. He was tried in this city on a charge of embezzlement but was acquitted by Judge Crockett because of insufficient evidence. Later Weaver confessed to Sheriff Byrnes that he was guilty of embezzlement, forgery and arson, and on the latter charge was convicted and sentenced to three years in San Quentin.

Charges Conspiracy

Mrs. Anslyn also contended that H. O. Hathaway, who owned a farm adjoining her property, and Mrs. Mollie H. Helm, who bought the property from him, were implicated with Weaver in a plot to destroy her property and the case heard in the superior court this week concerns property valued at $2000 which Mrs. Anslyn claims she did not recover.

Evidence was submitted by the plaintiffs, but the defendants, contending that the plaintiffs had not proved their side of the case, refused to give evidence.

The name of Hathaway was dropped from this action, the court ruling that he is entitled to a hearing in Kern county, where he now lives, if Mrs. Anslyn desires to press the case against him.

A galaxy of legal lights were engaged in contesting the action, Mrs. Anslyn being represented by Preston & Preston and C. H. McConaughy, C. M. Mannon appearing for Hathaway and Charles Kasch for Mrs. Helm.

MENDOCINO LOSES HIGH SCHOOL SUIT

Mrs. Anna Porterfield, superintendent of schools, has been upheld by Judge White in the superior court in a friendly contest to determine the distribution of funds in changing Ukiah and Mendocino county high schools to union high school districts.

The argument arose over finances when it was learned that Mendocino had saved a fund of nearly $9000, while the Ukiah school had only about $4000 in the treasury when the change was made. The law stated that "the county superintendent of schools shall apportion one-third of the entire amount among the union high school districts so formed, irrespective of the number of pupils enrolled" and that "the remaining two-thirds shall be apportioned among such schools pro rata upon the basis of average daily attendance during the preceding school year."

Mrs. Porterfield held that one-third of the combined funds should be divided equally between the Ukiah and Mendocino districts, despite the fact that Mendocino had a larger fund in the county at its disposal. Rather than make a definite decision in the face of opposition, however, she suggested that the court's interpretation of the law be secured.

Judge White upheld Mrs. Porterfield's contention and, while the suit was a friendly one, Mendocino must divide equally its carefully hoarded finances.

Attorney Robert Duncan represented the Mendocino delegation in the contest, while District Attorney Hale McCowen Jr. argued the opposing side of the case.

NEW TRIAL IS DENIED

FINAL RITES ARE SUNG; PIONEER WOMAN IS LAID TO REST

Many Pay Respects To The Memory Of Mrs. Hildreth.

With the singing of the final rites at the Catholic church at 10 c'clock this morning, the people of Ukiah laid to rest one of their most highly esteemed and beloved women—Mrs. Mary E. Hildreth, widow of the late W. T. Hildreth, and a pioneer who has tasted the hardships of early life in California.

Death overtook Mrs. Hildreth last Saturday morning as she was riding into New Orleans where she expected to spend a fortnight with relatives. Accompanied by her daughter, Miss Pauline Hildreth, she left Ukiah two months ago to visit relatives in the East. She had visited at St. Louis, Canton, Mo., and Quincy, Ill., and was on the last leg of her journey when death overtook the express train which was carrying her to the home of a cousin in New Orleans. It is said that death was caused from acute indigestion.

A wide circle of friends who had known and loved this esteemed woman gathered at the church this morning to pay their last respects to her memory. After an impressive ceremony conducted by Father Sebastian and Father Michael Smith, interment took place in the family plot in the Catholic cemetery.

Mrs. Hildreth was born in Lewis county, Mo., in 1839, and was the daughter of Mr. and Mrs. Joseph Bevans. She was married to W. J. Hildreth in 1865.

They passed their honeymoon travelling by horse and mule teams to this coast and on their arrival took up housekeeping on the Hildreth ranch southeast of Ukiah and continued there for four decades, meanwhile becoming prosperous and influential and holding a high place in the community.

Thirteen children were born to their union and ten of them are still living: Mrs. Mary Ruddock and J. C. Hildreth of San Francisco; George Hildreth of Modesto; William R., Lewis M., Walter J., Victor and Vincent Hildreth, Mrs. Irene Bond and Miss Pauline Hildreth of Ukiah.

CARLOAD OF AUTOS FOR LOCAL AGENT

F. O. Taylor, local Overland agent, received a carload of machines from the Willys-Overland factory at Toledo, Ohio, Wednesday and disposed of two machines the same day. There were four machines in the shipment, two large four-cylinder touring cars, a Willys-Knight and a six-cylinder touring car. There is now only one machine in the lot remaining unsold, which will be on exhibition at the Ukiah garage.

W. N. Dutton was the first of a delegation of motor-fans to inspect the new machines upon their arrival and even before they had been unpacked purchased a model 83 and a smaller touring car.

The rapidity with which this carload was disposed of would indicate a loosening-up of the money market and a busy season for Ukiah's automobile row next spring.

LOCAL COUPLE GUESTS AT PROGRESSIVE DINNER

Mr. and Mrs. A. I. Marks were the guests at a progressive dinner party on Monday evening, the first course being served at the home of Charles Kasch, the second at the home of F. T. Barker and the evening closed at the home of Mr. and Mrs. Louis Hofman on School street. Dancing followed the unique dinner and a most enjoyable evening is reported by the several couples in attendance.

PERKINS IS LOSER IN DAMAGE SUIT

LITTLERIVER CASE IS AGAIN IN COURT, DEFENDANTS MUST PAY $600.

A long fought damage suit which involves, financially, $600, was ended this week as far as the superior court is concerned when Judge White denied a motion for a new trial in the case of Dan Gordon against C. R. Perkins, W. B. Coombs and others. It is probable, however, that the case will be appealed.

The litigation started some months ago when, it is claimed, Perkins dynamited a dam in Littleriver, which flows through Gordon's property. It is declared that Perkins and others who were instrumental in tearing out the dam believed they had permission to do so.

The heavy flow of the water when the blockage was released did considerable damage to Gordon's property, it is alleged, washing away two acres of filled land just above the dam and damaging a restraining wall which had been built to protect the river banks.

Judge White, who heard the case, awarded $600 to Gordon as damages. Attorney M. H. Iversen, who represented Perkins, together with Attorney C. H. McConaughy, made a motion for a new trial. The motion was heard this week by Judge White and denied.

The attorneys are now considering an appeal of the case, and it will be decided early next week whether or not the matter will be taken to the higher courts.

15-CENT MARKET FOR HOPS EXPECTED

A 15-cent hop market within a few days is predicted by the Oregon Hop Growers' Association. Buying has been heavy in the Yakima Valley and in California, with the result that less than 10,000 bales of the 30,000-bale Washington crop remains in the growers' hands, while in California 32,000 bales of the total yield of 105,000 are tied up and growers are withholding from the market for higher prices.

Twelve cents and better has been offered for the best grade of hops, but only a few scattered sales have been reported at these figures. The Oregon association has been holding for 15 cents, although they may not sell at that figure in event of a rising market. A still further advance is looked for, and all hops on hand probably will be cleaned up before the end of the year.

The Oregon Association is working along the same lines as the California Association, but having been organized longer, its work has been more helpful to the growers. The association has helped finance many who otherwise would have been compelled to unload their hops upon a weak market. With the aid of the associations fices they have been enabled to hold their hops, indefinitely.

JAPANESE WRITES ON IMMIGRATION

Yamato Ichihashi, instructor in Japanese history and government and lecturer in economics in the Stanford University has written a book on Japanese Immigration in which he appeals for a revision of the national immigration laws. The book is sanctioned in a foreward by Dr. David Starr Jordan, who declares that the author is entirely competent to give a just and thorough treatment of the subject.

That he gives a thorough treatment can not be denied, but there is room for reasonable doubt in regard to a "just" treatment of the subject.. The age-worn argument is used that if the Japanese are given a chance they will become worthy citizens of the United States. While the author is consistent in hammering on this same spot throughout the sixty-four pages of his book, his arguments lack conviction and there are occasions to doubt the sincerity of his statements.

In the closing plea he advances two arguments for granting Japanese the right of naturalization. "First," he says, "the presence of unnaturalized aliens is undesirable to say the least, from the standpoint of the American nation. Second, the right will grant to those who seek permanent safeguard, and that in turn will enable them to strive for their own development. They will make contributions to American civilization as its loyal citizens."

NORTH BAY CLUB PLANS FOR BUSY YEAR AT EXPO MEETING

Many From Mendocino At Enthusiastic Conclave.

Mendocino county was well represented at the meeting of the North of Bay Counties' Association in the California building at the Exposition last Saturday when plans were made to continue the development work in these seven thriving counties with more vim and vigor than ever before.

Plans were discussed for extending the work of the organization during the coming year and it was decided to hold the annual meeting and election of officers in January.

Many ideas for the advancement of the section covered by the association were brought forward, and so enthusiastic was the meeting that it seems apparent that the plans will go forward rapidly. A committee of seven consisting of John L. Camm, P. I. Lancaster, Robert Newton Lynch, John P. Overton, W. S. Clark, Ben Blow and J. W. Dolliver and the president was named to arrange for the annual meeting and plan for future work.

Among those present from this county at Saturday's meeting were R. L. Hutchison of this city, representing the Chamber of Commerce; P. I. Lancaster of the Willits Chamber of Commerce; A. J. Fairbanks, chairman of the Board of Supervisors, and H. B. Muir of the Irvine-Muir Lumber Company of Willits.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Jones, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

LUMBER MARKET TURNS BIG OUTPUT FROM COAST MILLS

Shipping Handicapped But Demand Grows; Outlook Bright.

The lumber market, which for a year or more has been floundering around in the shallows of small demand and gossip-inspiring prices, has taken a decided turn for the better.

While heavy seas have handicapped the shipment of the coast's big output, the market has been stimulated and there is now an encouraging demand for the redwood product which has made the Mendocino coast famous. The wholesale prices remain unchanged since June, being $10 for both uppers and common, while some of the other lumber from different parts of the State experienced a material drop during the past month.

According to the Pioneer Western Lumberman, 10,427,000 feet of redwood was received in San Francisco during the period from October 28 to November 12, of which 5,802,000 feet was shipped by water from Mendocino county. The receipts are itemized as follows:

From Caspar Lumber Co., Caspar, 560,000; Union Lumber Co., Mendocino, 309,000; C. H. Higgins, Mendocino, 175,000; L. E. White Lumber Co., Greenwood, 225,000; Albion Lumber Co., Albion, 356,000; Union Lumber Co., Fort Bragg, 320,000; C. H. Higgins, Albion, 360,000; Union Lumber Co., Fort Bragg, 315,000; Union Lumber Co., Fort Bragg, 410,000; Albion Lumber Co., Albion, 230,000; Caspar Lumber Co., Caspar, 705,000; Albion Lumber Co., Albion, 347,000; C. H. iggins, Mendocino, 210,000; L. E. White Lumber Co., Greenwood, 290,000; Union Lumber Co., Fort Bragg, 320,000; Albion Lumber Co., Albion, 350,000; Union Lumber Co., Mendocino, 320,000.

MENDOCINO WOMAN CALLED BY DEATH

Mrs. Agatha Johnson, a highly esteemed woman of the coast, passed away at the home of her daughter, Mrs. Lena Bowman, at Mendocino last Sunday and was buried Wednesday in the Evergreen cemetery.

Mrs. Johnson had been ill for many months, death coming to end her sufferings while she slept. Aside from the relatives, a wide circle of friends are left to mourn the loss of this beloved woman.

Mrs. Agatha Johnson was a native of Norway and at the time of her death was aged 78 years, 9 months, and 14 days. She lived in her native land until 1866, when she came to the United States, arriving at Mendocino in September of that year. On December 6, 1866, she was married to the late Andrew Johnson by Rev. Samuel Whiting. To this union there were born two sons, Albert and William, both of who preceded their mother to the grave some years ago, and two daughters, Lena and Annie.

COMFORTING WORDS

Many a Ukiah Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Ukiah readers.

Mrs. Frank Snelson, University St., Healdsburg, Cal., says: "For a long time I suffered from severe attacks of backache and was caused annoyance by the kidney secretions. My system was much run down and if I tried to do my housework, I had an attack of backache. I tried several medicines, but they failed to help me. I finally used Doan's Kidney Pills and four boxes cured me. I have given Doan's Kidney Pills to the children for kidney weakness and the results have been very satisfactory."

KENT UNDER KNIFE FOR APPENDICITIS

Physicians attending Congressman William Kent, who was operated on Saturday night for appendicitis at San Rafael, told The Press by long-distance telephone this morning that the Congressman is resting easily, and in "as good condition as could be expected." The operation, which followed a two-days' illness, will indefinately delay Congressman Kent's departure for Washington, which had been planned for today.
